MAYSVILLE, KENTUCKY, TUESDAY, JUNE 30, 1914.

ONE COPY—ONE CENT.

Here's to the guy who lies to us,
Who's careless of the truth;
Who slaps us on the back and says:
"Gee! How you hold your youth."
Who shirks not at the future when
He has a lie to tell,
Here's to the liar who says to us:
"By jove, you're looking well."

MORE POINT AU VIEW WINNERS.

At the South Shore Park, Chicago, Horse Show Saturday L. T. Anderson's "Juliet Merriweather" won first prize in the 15:2 class. "John Y" won in the five-gaited class.

Mr. Anderson's horses have won four first prizes and one third out of five rings.

LET UNCLE SAM GIVE YOU THE FACTS

Government reports show the steady output of coal during the last few years has made the dealers push for wider markets. We are going to get more trade—your trade—by giving you a greater value for your money. You will never get out of debt unless you buy wisely.

BUILD YOUR HOUSE NOW!

If you are contemplating building a home or a house for an investment, now is the time to place your order. We have the largest stock of all kinds of building material that can be found in Northeastern Kentucky and have large contracts with the timber men for still greater supply. We contracted this large supply at a price very near cost of production and we are in position to give you the advantage of this good purchase. Place your order now or let us give you an estimate on your requirements; you will then leave your order with Maysville's Foremost Lumber Yard.

THRASHING WHEAT WITHOUT A THRASHING MACHINE.

Thomas Comer had rather a thrilling experience in his wheat field yesterday. A spark from James Laughlin's traction engine set fire to the field. Thirty-six shocks of wheat were burned up before the fire could be put out. It took the entire neighborhood—men, women and children to put the fire out.

Mr. Frank Wright, the genial rural route carrier on No. 4, had to send out a substitute Monday. Old Sol proved one too many for Frank. Frank hopes to be out in a few days.

POLICE COURT.

Judge Whitaker handed out the following fines yesterday:
Bessie Haley, a dusky damsel, drunk and disorderly, \$10.50. Bess could not produce the "long green" and she was sent to jail.
Luther Felter, drunk, \$6.50.

WEST VIRGINIA "DRY" TODAY

Nine States Are Now Prohibition, Latest to Join Column Having Features New Form Other Regulations.
—1,200 Places Go Out of Business.

Charleston, W. Va., June 29.—State-wide prohibition of the liquor business in West Virginia becomes effective tonight midnight. It brings the total number of States in the prohibition column up to nine.

With West Virginia added, the list will be: Georgia, Kansas, Maine, Mississippi, North Carolina, North Dakota, Oklahoma, Tennessee, West Virginia. These nine States of total prohibition territory, plus the local no-liquor area, make up 2,132,726 square miles in which 46,029,750 persons or nearly fifty per cent. of the country's population live according to the latest figures of the prohibition leaders.

The 92,000 majority with which the people of West Virginia accepted the dry proposition was relatively the largest ever given by any State.

CHILD LABOR LAW SCORED

"Boys Much Better Off Employed Than Idle," Says Educator.

Lexington.—Prof. M. A. Cassidy, superintendent of the Lexington city schools, in an interview, characterized the new child labor law passed at the last session of the Kentucky Legislature as a bad law, particularly that provision which forbids children under fourteen years of age engaging in any work and he declared that he did not believe that it would be enforced rigidly, especially during the vacation period.

Superintendent Cassidy gave it as his opinion that a boy is much better off employed than he is idle and running at large, engaging in mischievous pranks and getting into all kinds of trouble, which under the new law will be the case he says with fully 4,000 youngsters in this city, for three months of the year during the vacation period.

State Labor Inspector John W. Newman was in Lexington yesterday and informed Superintendent Cassidy that the blanks necessary for carrying the new law into effect in all of its provisions have not been printed yet, but as soon as they are ready for distribution some of them will be sent here for the use of the officials.

Since the close of the school term, about two weeks ago, Superintendent Cassidy says that he has issued not more than a half dozen employment certificates to children to go to work. A number of applications, however, for children under 14 years of age, have been turned down because of the operation of the new law which forbids them engaging in any remunerative employment.

B. P. O. Elks will hold their regular meeting tomorrow evening at 7.30.
P. G. SMOOT, Exalted Ruler.
W. R. SMITH, Secretary.

ONE BOY KILLS ANOTHER AT THE REFORM SCHOOL.

(Monday's Lexington Leader.)
A tragedy was enacted at the State Reform School, at Greendale, this county, today, when Leonard Armstrong, of Hickman, Ky., was killed by Bert Gerard, of Warren County.

Both were inmates of the school. The trouble occurred shortly before noon, when Armstrong grabbed Gerard's cap and ran away with it. Gerard ordered him to stop, and when he did not do it, he grabbed up a bunch of old wire lying near and hurled it at Armstrong. One of the wires pierced Armstrong's temple, penetrating the brain, and he died about two hours later.

MASON CIRCUIT COURT

On Monday, Otho Bentz filed suit against the City of Mayslick, and John S. Laytham; J. Gaither Hutchinson; Pat Fullin; W. D. Worthington and Charles Collins. Mr. Bentz was Marshall of the city of Mayslick in 1910 and claims cost and fees due him as such officer \$250 with interest at 6% from 1910 and costs amounting to \$38.20. He says in his petition that the city of Mayslick has no money, and prays that said trustees named above, be and are personally responsible for said amount of money due him as stated in his petition.

COUNTY COURT PROCEEDINGS.

On Monday, June 29th, the will dated July 2, 1912, and codicil dated January 18, 1913, of Phillip Schadle, deceased, was produced in court, proven by James B. Key and James Collins. The will and codicil were admitted to probate and ordered recorded.

H. T. Granais was appointed administrator of John A. Blair, deceased, with B. G. Granais as surety.

H. C. Sharp, Clinton C. Calvert and Simon Clarkson were appointed to appraise the personal property of John A. Blair, deceased.

The inventory and appraisement of the personal property of Anna Coleman, deceased, was produced in court, and filed and ordered recorded.

AN OUTRAGE

Scoundrel and Coward Strikes Richard Maddox, Age 4, with Lump of Coal

About 3 o'clock yesterday afternoon, little Richard Maddox, the four-year-old son of Mr. and Mrs. Albert Maddox, of East Second street, while sitting on the bank at the West End of Forest avenue was struck in the mouth and face by a lump of coal, evidently thrown by some one on the engine that was on the connecting track between the L. & N. and C. & O. roads.

The child was terribly injured, and his father was greatly enraged over the occurrence and got his gun out yesterday and tried to find the worse than villain who would strike a mere infant with such violence.

Mr. Maddox has been the victim of many accidents.

At the L. & N. turntable several years ago he lost his leg by the explosion of a boiler of the C. & O. passenger train. One of his sons also injured his limb and had to have it amputated, and another, lost several fingers of his hand while switching at the C. & O. depot.

In the meantime Chief Mackey and his force should make every effort to find the party who struck little Dick Maddox in the face with a lump of coal.

Let any Democrat answer who can: Where is there a single American industry which has been benefitted by the Wilson "competitive" tariff?—Ripley Bee.

One by one the roses fall. It turns out that if Rockefeller's millions of Standard Oil stock are added to the Cuyahoga County tax duplicate,—and anyway, there's a great big "if"—the credit belongs to Morganthaler, the famous Cincinnati "tax inquisitor," and not to Gov. Cox and his Warner law: for the proceeding is under the Morganthaler law of 1900, which has been invoked a great many times by county auditors without any fuss or bugle-blowing all over the State.—Ripley Bee.

WHY VILLAGE STREETS SHOULD BE PAVED.

The Lynchburg News has joined the News Democrat in the crusade to point that oiling of streets is but a temporary relief from dust, and to awaken the citizens to what is happening. Take here in Georgetown, where the oiling of this season will cost approximately near one thousand dollars. This will, of course, allay dust for several months; but, people who have been watching say that there should really be another oiling later in the season, "that it is but fair to say that it would require an expenditure of more than one thousand dollars to keep the dust down the way it should be in Georgetown during the season."

This makes a very expensive proposition, inasmuch as the citizens must then put up with muddy streets during the winter season, and at other portions of the year. The State Highway Department furnishes specifications for paving streets with brick, showing that it can be done at \$11,000 per mile. Two or three miles in Georgetown would be sufficient or an expenditure of near \$30,000. Thus, it will be seen that this money spent for oil and repair of the streets, which comes near \$3,000 annually, would pay the interest upon a great sum of money to be used for paving the streets with

everything else, the building of highways and the one great question which is how the village councils will remain out of repairing their streets with the old plan, when it can be done for all time to the great saving to property owners.
(O.) News-Democrat.

An imperishable tablet in the Halls of Fame awaits him who can invent an absolutely painless method of extracting money from delinquent subscribers to a country newspaper.—Carlisle Mercury

The people who would not tolerate the idea of Protective Tariff became perfectly reconciled to a system when it came in the guise of a war Tariff, and now they would not listen to the suggestion that we should go back to a Free-Trade basis. The war Tariff taught them the business value of the Protective policy and the mail subsidy, if continued until it produces results, will inevitably have the same effect as a popular educator.—Brooklyn Times.

HOSTILITY MUST CEASE.

Hostility to business must stop. With feelings of profound anxiety we observe prevailing industrial and commercial depression wholly at variance with those healthy and prosperous conditions to which our country is entitled. On all sides productive industry and operative manufacture are shrinking in volume and output to a degree that forbodes years of slow recovery before prosperity can be restored. We witness with amazement hostility toward established and legitimate business from many sources—journalistic, legislative and even administrative—but we fail to detect any concerted and affirmative efforts to resuscitate business vitality or augment those great industrial forces that should express the sovereignty of our trade and commerce.—Leslie's.

A FOOLISH FABLE.

Once upon a time a merchant sat by the roadside with a tremendous stock of his particular wares surrounding him. To every one who passed him he held up a sample, endeavoring to interest them in his goods. But they all went on.

At sundown another merchant came by. "What success, neighbor?" he inquired of the weary competitor.

The latter shook his head. "Nobody," said he, "nobody in the world wants to buy. And even when I tried to give my wares away, as the shadows grew longer, they smiled and passed by. It's a hard world!"

The second merchant nodded. "The reason," said he, "is that no one wants to buy wares he makes himself."

Whereupon the first merchant gathered up his goods, filled a bag with them, and retired into the forest never to emerge again.

He had been trying to sell Experience.

TOLESBORO.

Mr. Albert Wood, who has been attending school at Richmond, Ky., has returned home. Mr. Wood has been engaged to teach our winter school.

Mrs. B. Dale Bryant of Maysville spent Sunday with her daughter, Mrs. A. F. Rose, near here.

Mr. John Gault, who has been assisting his son Glen, near Lewisburg, in harvest, the past week, returned home on Saturday last, accompanied by his little grandson, Emmerson.

Misses Marguerite Rice and Willa Mae Stephenson, two charming little Lexington lassies, returned to their homes on Saturday last, after a week's visit to their great uncle, W. N. Kelly, and other friends here.

The scholars of the M. E. Sunday School will be given an outing at Ruggles' Campground on the Fourth of next month.

The Fleming Bros. are announced to begin a tent meeting here on the 16th of next month.

Dr. Baker, the popular Vanceburg dentist, is billed for a four days' stay here, beginning the 30th inst.

Joseph Shelton has purchased from Frank Applegate the building occupied by Grigsby and Cooper, as a blacksmith shop.

Major L. Middleton, an old soldier, died at his home here on Thursday of last week and was interred in the cemetery of the M. E. Church South on Friday following.

Rev. Bird Hughes of Ewing, former pastor of the M. E. Church here, was shaking hands with his many friends here last week.

The children's day exercises at the Christian Church here on Sunday night of last week were numerous attended; representatives being present from Maysville, Orangeburg, Reeterville, Epworth and other places. The children's efforts reflected credit upon their trainers.

Undertaker R. L. Teager has just received from Messrs Bauer & Klipp, a new \$150.00 hearse harness. It is a beauty.

SPRINGDALE.

The most wonderful meeting ever held at Bethany closed Wednesday evening with 59 additions to the church.

Many of these were reclamation, but the majority and in some cases whole families including father, mother and grown children were immersed believers.

Notwithstanding the heat, the drouth, the long days and the most busy month in the year for the farmer, the house was crowded each evening. During the more than two week's duration of the meeting, Bro. Adams is a man with splendid personality and has a voice of unusual power and strength for both singing and speaking. He is a calm, even talker. His arguments concerning the two great forces—righteousness and evil—that are battling for supremacy today, and the necessity of intelligent men and women uniting in the great conflict are invincible. The baptizings took place each evening in the large clear pool in Cabin Creek, known as the "Bruce Pool". This is a picturesque spot at any time with its wide pebbly beach on one side and a steep bank on the other beautifully shaded with ferns and wild roses and draped by large trees, but when, for the cool of the evening, its quiet seclusion is invaded by several hundred people to witness the sacred rites of baptism it became sublime and inspiring in rural beauty. Immediately after baptism the crowd would repair to the meeting house where a song and prayer service would be conducted previous to the sermon. The members of the church are encouraged and enthusiastic as never before and a religious fervor with a spirit of thankfulness pervades the entire community.

Mr. Charles P. Vawter and family of Topeka, Kansas, are visiting relatives here.

Mrs. A. S. Cole came down from Mowers' Park to visit the family of her son, Mr. A. G. Cole, a few days ago.

Mrs. Ida McDonald and daughter, Miss Edna, visited the family of Mr. T. O. Brook at Sand Hill recently.

We regret to announce that our esteemed citizen Mr. Scott Fletcher expects to go to the city in the near future to undergo a serious operation.

Mr. W. H. Leming and his family are visiting relatives in Cincinnati and Covington this week.

MRS. C. C. D.

President Wilson's nominations to the Federal Reserve Board will be acted upon Thursday by the Senate.

AND—IT'S COMING BACK.

I'm think of the old hoop skirt that mother used to wear. When she and father went to town, it always made him swear, because that old hoop skirt filled up the buggy so, there was no room for him to sit, when mother had to go.

When father saw a woman coming down the street, he'd say, "There comes a load of hay that I have got to meet." He'd turn out to the fence and heave an awful sigh, while that "load of hay" went tripping lightly by.

The old hoop skirt has served its time, 'twas many years ago, and other styles have come and gone, far worse to me I know; but of all the new-fangled fashions, for them I do not care, when thinking of that old hoop skirt that mother used to wear. —State Journal.

Monday was such a dull court day that it is a shame to mention it. Speaking of the hot weather, he who melts and runs away won't live to melt another day.

MELANCHOLY WOMEN

Women should understand that melancholy, commonly called the "Blues," is in nine times out of ten a pure symptom of some organic derangement which should have attention. For nearly forty years, Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for such conditions, as proved by many testimonials which we are constantly publishing from women who have been restored to health by its use.

BIG HATS ARE COMING BACK

Says Lura, Whose Unique "Lid" Is Fifty-Six Inches Wide.

New York.—To Lura Wentworth, "The Hat Girl of Nebraska," goes the unique distinction of being the first woman to cross the Atlantic with a hat so big it required a whole stateroom to itself.

The other 36 creations she brought with her on the Imperator were of less acreage. In addition, she has 28 on the other side of the Atlantic, too precious a collection to have risked all in the same ship.

The "Imperator Hat"—the big one of course—was 56 inches across and occupied a box that four stewards bore gingerly down the pier.

"There will be no little hats next fall," said Miss Wentworth, "for the big hat is coming back and coming fast."

INVESTIGATING \$40,000 LOAN

Paytor Borrowed That Sum From Lorimer's Institution.

Chicago.—Investigation of loans made by the collapsed Lorimer-Munday Bank has revealed the fact that Thomas H. Paytor, former United States Senator from Kentucky, was a borrower from that institution to the amount of \$40,000.

Senator Paytor was a member of the first Senate committee that investigated William Lorimer's right to his Senate seat. As a committee member and later on the Senate floor, he voted to exonerate Lorimer from the charges that his seat was obtained by corruption.

District Attorney Wilkerson, it is understood, has the matter of this loan under investigation, along with other phases of the Federal inquiry into the banking methods of the Lorimer-Munday combine.

National Bank Examiner Owen T. Reeves, Jr., first discovered the loan and it is understood he made a report of it to Washington. The details as reported by the bank examiner are among the things District Attorney Wilkerson will discover when he opens the reports he is scheduled to receive from the Controller of the Currency.

NEW INVENTION

Ditching Machine Which Performs Work of Two Hundred Men—Cuts Rod a Minute.

Lynchburg, Ohio.—A recent demonstration of the West Nile Ditching machine three miles north of town has proven the claims of the inventor, Col. Owen West, and promises to revolutionize tilling throughout the country. The claim was made that the machine could cut 100 rods of ditch in 100 minutes, 30 inches deep. A party of local citizens went to see the demonstration. A line of ditch of 116 rods was laid off, the machine was placed at the upper end, with six horses attached. A cut was made to the lower end and back to within about ten rods of the starting point, when a casting broke, which stopped the operation for the day. Col. West told the crowd to return the next day at three o'clock and he would finish the cutting of the ditch. The cutting of the ditch up to the time of the breaking of the casting was made in just 21 minutes. The repair was made and the following day the machine was started again. The start, as before, was made with six horses, and two men on the machine. Three more cuts were made, six inches at a cut, all of which was accomplished in just 27 minutes, or 58 minutes in all in cutting 116 rods 30 inches deep. Some of the crowd witnessing the cutting of the ditch figured that on this test the machine did the work of 200 men with spades and ordinary tools. After the ditch is cut and graded and the tile laid, there are at attachments put on the machine which will put the dirt back in the ditch as fast as the horses will walk.

FOR SALE!

We have for sale the home of Mrs. H. C. Smith on East Fifth street. This is a two-story seven-room house in good repair, with water and gas in the house. There are two lots that go with the house. These lots run from Fifth back to Sixth street. We do not hesitate to say that this is a very cheap place at the price asked for it, and if you are looking for a medium priced home we don't think this one can be duplicated in our city at the price asked—\$1,850.00.

HUMAN SKELETON FOUND IN WOODS IN HARRISON COUNTY

A human skeleton was discovered by the children of Mrs. Wiley Taylor in the woods near Cynthia whether they had gone to gather wild flowers.
The remains were declared to be those of Daniel Morrison, a man about seventy years old, the identity being established by bits of clothing and an overcoat that was recognized by one of his sons as belonging to his absent father. Morrison has been missing since May 2nd. His children concerned themselves little, thinking he had gone to Missouri for a summer outing, or had taken a trip to the mountains.

Mt. Sterling, Ky., June 25.—Monte Fox, of Danville, purchased in this county today more than 700 head of fancy steers, averaging 1,450 pounds, for which he paid 8 to 8½ cents. These are the first big cattle sold this summer and the prices paid were money-makers for the handlers. Some cattle men believe that the price for big cattle will materially advance within the next few weeks. The cattle bought by Mr. Fox brought approximately \$80,000.

PAYS TRIBUTE

To Ben F. Thomas, the Mays-Man Who Was So Highly Esteemed in the South

A Man of Worth and Founder of the Famous Coca-Cola Drink

(Chattanooga Times, June 25.)

B. F. (Benjamin Franklin) Thomas died in the early hours of yesterday morning at the Brighton hotel in Atlantic City, where, with Mrs. Thomas, he had been a guest for the last three weeks. Mr. Thomas suffered a paralytic stroke several months ago, the result of Bright's disease, the affliction responsible for his death. Despite the severity of the paralysis, Mr. Thomas succeeded in overcoming the more serious results of the stroke. He regained his speech, lost temporarily, and although greatly debilitated, recovered the use of almost every function affected. Meantime his mind retained its usual vigor and his indomitable spirit was maintained. With marked improvement that followed the first few weeks of suspense it was hoped by relatives and friends that he would be spared for several years, but his physicians, cognizant of the deeper-seated malady, gave little encouragement. If Mr. Thomas himself realized the hopelessness of his case, he gave no sign to friends. During the months of his illness, when intermittent improvement would permit friends to call he was always the same brave, genial gentleman he had been in good health. His splendidly-equipped mind was alert as ever, and he retained the same forceful grasp upon matters that concerned his friends and himself.

Three weeks ago Mr. Thomas determined to seek the benefit of the seashore. Accompanied by Mrs. Thomas, Mr. J. F. Johnston and a trained nurse and attendant, he made the trip to Atlantic City in a special car. It was during the excessive heated spell and the journey severely taxed his strength, but he readily responded to the change, and for the first two weeks a marked improvement was noted. Last week, however, his condition changed for the

worse and became critical by Monday of the present week.

With Mr. Thomas when he died were Mrs. Thomas, her sister, Mrs. Skinner, and Dr. Johnson, who happened to be in Atlantic City attending the American Medical association. George Hunter, Mr. Thomas' nephew, reached Atlantic City early yesterday, a short while after his uncle's death.

The funeral will be Saturday, in Maysville, Ky., the old home of the deceased. Several of Mr. Thomas' business associates and intimate friends leave here today for Maysville to attend the funeral. Among the number are E. Y. Chapin, W. M. and Theodore Linsley, J. F. Johnston, Capt. Lyerly and R. B. Cooke.

Was a Man of Much Moment.

This community loses a man of consequence and moment in the passing of Ben Thomas. "Rare" Ben Thomas his friends designated him. He was richly endowed with the virtues that command admiration, his mind stored with rare knowledge and his companionship a never-ending delight to his intimates. He detested sham and was fearless in exposing it in whatever form it might be presented. Resplendent among the many virtues he possessed was his sincerity, sincerity of conviction, sincerity of purpose. He rang true because he was true in every relation of life.

Mr. Thomas was in his 52nd year. He was born in Maysville and educated at the University of Virginia. His first business experience was secured in a Maysville bank, which he left shortly after attaining his majority, to engage in the stone business. He owned and operated an extensive quarry on the banks of the Ohio. His next venture was the first hosiery mills in Maysville, which he owned and operated for several years.

In 1885 Mr. Thomas entered the Cincinnati Law school, boarding in Covington, Ky., and going across the Ohio to lectures each day.

The Hon. John W. Stevenson, ex-senator from Kentucky, was his warm friend, and Mr. Thomas had a desk in the law office of Stevenson & Goebel. There he formed a close intimacy with Gov. Goebel which lasted until the latter's assassination. Gov. Goebel twice visited Mr. Thomas in Chattanooga.

Graduating from the Cincinnati Law school in 1887 he went to Kansas City for a few months, coming from there to Chattanooga upon the invitation of E. Y. Chapin, his schoolmate and friend.

Upon his arrival, the law firm of Wiltse, Thomas & Chapin was formed. He left this firm in 1899 to become a member of the firm of Pritchard, Sizer & Thomas, continuing in that association until 1895, when he left the practice of law to enter the street paving business in association with W. M. and T. H. Linsley. He continued in that firm until 1898, when he disposed of his interests and accepted a responsible position with the United States Government in Cuba. While in Cuba he was attracted by the wide sale of a carbonated drink, called campaign cola, and set about devising a similar one for sale in the United States. In the course of his investigation he came upon coca-cola, a soda fountain syrup made at Atlanta, and finding it had all the qualities he desired, he, in association with the J. B. Whitehead and J. T. Lupton, entered into a contract with the coca-cola company of Atlanta, which gave them the exclusive right to bottle that beverage.

Later he became president of the Coca-Cola Bottling company, controlling the bottling of the beverage in about one-half of the United States. With this enterprise he was engaged until his death. It made him a splendid fortune, the bulk of which he invested in Chattanooga and Lookout mountain property and in various industries here. Mr. Thomas was married in 1894 to Miss Anne Taylor, of Cincinnati. Other survivors are two sisters, Mrs. E. T. Hunter, of Maysville, Ky., and Mrs. Bessie Jones, of San Diego, Cal. George T. Hunter, a nephew, has been Mr. Thomas' assistant in his office.

Mr. Thomas was an ardent exponent of Lookout mountain, and a promoter of many improvements there. He advanced the township money for the purchase and beautification of a park and was one of the larger owners of mountain real estate. He was one of the organizers of the American Trust and Banking company, and also of the Administration and Trust company, of which he was vice-president.

He was president of the recently organized Mountain Club, one of the governing board of the Mountain City club and a member of the Golf and Country club.

Mr. Thomas' friends frequently importuned him to stand for public office, but, while always taking a deep interest in politics, he preferred "the ranks," as he expressed it. The only public office he could be induced to accept was that of school commissioner.

While serving the city in that capacity he became an enthusiastic advocate for the establishment of a manual training school, and offered to equip at his own expense the institution.
Mr. Thomas was a liberal contributor to causes that enlisted his interest but was so uncompromising in his aversion to ostentation and whatever might suggest it, he invariably conditioned his giving on secrecy. It was learned only yesterday that a few weeks ago he sent his check for \$1,000 to the endowment fund of the University of Chattanooga.

Fats Make the Hottest Fire

And as the digestion of food generates body heat, so the more greasy, heavy food you eat, the hotter you are.

One can feel several degrees cooler and more comfortable in summer by selecting proper food.

Grape-Nuts

is made of carefully selected wheat and barley and contains all their nutritive values, including the mineral phosphates, (grown in the grain), that are especially necessary for rebuilding the tissue cells of body and brain.

Grape-Nuts is thoroughly baked (16 to 24 hours) which breaks down the starch cells. Therefore it is easily and quickly digested—generally in about one hour.

If you care to feel cool and fit make Grape-Nuts a part of the summer diet—a delicious part!

Mrs. A. M. J. Cochran, assisted by her sister, Mrs. Clelland of Lebanon, and daughter, Miss Harriet, received their large circle of friends on Friday afternoon. The house party was composed of Mrs. Robert Cochran, Mrs. William Cochran, Mrs. Horace Cochran, Mrs. Rees Kirk, Mrs. George Keith, Mrs. W. G. Lewis, Miss Mary Alter Barbour, Miss Annabelle Lewis and Miss Ethel Owens.

The beautifully decorated old home which is extending its hospitality unto the third and fourth generation gave a vision of the true Kentucky home of bygone days, which changed conditions in the Southland, makes now so rare. Shaded candles were every where casting a mellow radiance over the brilliant gathering. In the library were many clusters of Killarney roses. The center of the rare old dining room table, the piece of resistance of the room, held a pool of pond lilies, fringed with ferns, transporting one from the heat of the city, to the shade of some sheltered nook.

Ferns and smilax made the dignified parlours more beautiful than ever, while stately pink and white holly hocks associated with the garden of the long ago, were the fitting decoration of the spacious halls. From the broad stair landing floated down the strains of sweet melody, furnished by Misses Zorada and Frances Cochran, who by their unconscious charm, completed a picture long to be remembered.

The many friends of Mrs. Thomas L. Best on East Second street will be glad to know that she is recovering from her illness.

STRAIGHTFORWARD TESTIMONY

Many Maysville Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments — are endorsed by over 30,000 people. Your neighbors recommend this remedy — have proved its merit in many tests. Maysville readers should take fresh courage in the straightforward testimony of a Maysville citizen.

Henry Gallenstein, blacksmith, Poplar St., Maysville, Ky., says: "Doan's Kidney Pills are the best of kidney remedies. I have used different kinds and no other has ever equalled this one. When my kidneys were out of order and I had pain in my back, I heard of Doan's Kidney Pills and used them. They stopped the pains and my kidneys became strong. The cure has been permanent."

Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches — If your kidneys bother you — don't simply ask for a kidney remedy — ask distinctly for Doan's Kidney Pills, the same that Mr. Gallenstein had — the remedy backed by home testimony. 50c a box. TEN INNINGS

Required By Chillicothe to Defeat Maysville Yesterday By the Score of 4 to 3 in a Well Played Game.

In one of the most sensational games of ball ever seen on the local diamond Maysville lost a ten-inning game to Chillicothe yesterday by the score of 4 to 3. The game was replete with many spectacular plays and with the kind of ball they played yesterday, the Cubs should soon climb out of their lowly position. Manager Montgomery had charge of the team and seemed to instill new life into the whole team.

Raemes pitched for the locals, while Goshorn did the twirling for the visitors.

Maysville made their first two runs in the second. With two out Dietrich singled, stole second, and scored on Ellis' triple to left. Ellis scored on Goshorn's wild pitch. Mace fouled to Talbott.

With one out in the sixth Chillicothe made their first run. Parmelee rammed one to center on three sacks and scored on Shovlin's single through second. Nesser fouled to Ellis and Eisel flied to Donovan.

Maysville made another run in the seventh after Dietrich was out. Ellis got his second triple of the afternoon, the ball landing against the new Fatima cigarette sign on the right field fence. Ellis took a big lead and scored on Mace's bunt. Raemes fouled to Talbott.

The Babes tied the score in the eighth. Goshorn singled and went to third on Corb's double to the right field fence. Parmelee bunted to Emery and was thrown out at first. Shovlin was safe on Emery's error, Goshorn scoring. Nesser went out, Dietrich to Chapman, Corbin scoring. Eisel bunted to Dietrich and was thrown out at first.

After two were out in the tenth Parmelee knocked a home run over the head of Ellis in left. Ellis got the ball, threw to Donovan, who lined the ball to home and Parmelee would have been out, had the ball not hit the end of the bat which he had thrown out, just as Mace was getting ready to take the ball on the first bounce to touch him out. The box score follows:

Summary: Two base hits—Corbin. Three base hits—Ellis 2, Parmelee, Emery. Home run—Parmelee. Sacrifice hits—Netter, Mace. Stolen base—Dietrich. Base on balls—Off Goshorn 3. Struck out by Goshorn 3; by Raemes 3. Left on bases—Chillicothe 4; Maysville 5. Wild Pitch—Goshorn. First base on errors—Chillicothe 2, Maysville 1. Time—1:40. Umpire—Kuhn.

Chillicothe plays here again today. Game called at 3:15 o'clock. Thompson, former Cub, will probably pitch for the visitors while Gosh will do the twirling for the home boys.

Ollie Chapman put up a great game on first yesterday. He accepted fifteen chances without a wobble and most of them were hard ones. Ollie will probably play a better game on first now that the managerial load has been lifted from his shoulders.

This morning's Independent stated that "yesterday's contest was the first extra inning game to be played on the local diamond this season." The base-ball editor of that sheet was slightly "off" in making that statement. On May 1st, the third game to be played here this season with Lexington was won by the locals by the score of 7 to 6 in the tenth inning when Donovan knocked a home run.

RIVER NEWS.

River 4.8 feet and falling.

Low water during June is unusual, there ordinarily being an appreciable rise during the month.

The excursion steamer Joe Fowler, which was on her return trip from St. Paul, Minn., was compelled to stop at Louisville, on account of low water in the Upper Ohio River, and the report is that she will run excursions out of Louisville until there is a rise in the Upper Ohio River.
